Mr. Haoliang also shared that, there is shifting of power towards East i.e. India, Indonesia, Malesia and China related to SDGs implementation, while speaking about India some of the important points highlighted by Mr. Haoliang.</li> <li>3. He emphasized on the Importance of natural resources, Agriculture, Infrastructure, disasters management, Industrial revolution and migration. He also mentioned about aging society of China and Japan compared to Indian Youth Population.</li> <li>4. He also emphasized on 5 Ps for SDGs - People, Prosperity, Planet, Peace &amp; stability – Partnership.</li> <li>5. Furthermore, taking about SDGs in Asia Pacific Region he said there is a need to have coordinated approach in planning, localization therefore, coordination among all the Ministries is important.</li> <li>6. While discussing on finance for SDG, he also mentioned SDG Bonds, SDG financing, local domestic finance, data-base and innovation.</li> <li>7. To conclude his speech, Mr. Haoliang said that there is a need for multi-stakeholder partnerships for knowledge sharing, awareness about the SDGs.</li> </ol>
5	<p>Address by Shri. Aniruddhe Mukerjee , Principal Secretary , Department of Planning , Economics and Statistics , Government of Madhya Pradesh covering following points:</p> <ul style="list-style-type: none"> <li>● Outlined the action taken in the preparation of Vision document and subsequently drafting of the Action Plan 2030.</li> <li>● Formation of 09 Task Forces under following themes.</li> </ul>

- Eradication of Poverty
  - Health and Sanitation
  - Quality Education
  - Clean Energy Production and Consumption
  - Reducing Inequality
  - Climate Conservation
  - Sustainable Economic Growth
  - Peace and Justice
  - Building Multi-Stakeholder Partnerships
- Rounds of consultation and sensitization workshops were conducted by all taskforces during 2017-18.
  - SDG cell was constituted in State Planning Commission for preparing the vision document in March 2018.
  - Based on the inputs received from various taskforces, the Vision 2030 has been prepared and approved by Chief Secretary and further disseminated to state government departments in Oct 2018 with the request to start working on their action plan.
  - Dedicated interdepartmental SDG cell has been constituted in Nov 2018 for monitoring the roll out and implementation of Sustainable Development Goals 2030 in Madhya Pradesh.
  - For Localization of SDGs in Madhya Pradesh SDG cell has been constituted in Nov 2018 under chairmanship of District Collector with district level officials of the concerning District departments as members
  - There are 35 departments with 287 indicators mapped in action plan document. Majority of indicators are of Health (20), Forest (24), School Education (18), Energy (18) and Agriculture (17). All will be presented during today's workshop.
  - SDG India Index report – 2018 - The state score is 52 in SDG India Index report by NITI Aayog spanning across 13 out of 17 SDGs. We are in the Performer category (50-64). In the area of Safe and Adequate Drinking Water in rural areas Madhya Pradesh is close to achieving universal coverage in rural areas.
  - In SDGs related to “Reducing Inequality” and “Life on Land” we are front runners. However, in the area of Poverty, Health, Hunger and Education we have to work hard as we are in aspirant category. We have to work on indicators related to maternal and Child health such as Maternal Mortality Ratio, Under 5 Mortality rate.
  - He expected that the consultation process under the workshop would give valuable insights for improvement of the Action Plan and feedback

Workshop on SDG state action plan 2030	Proceedings	26/02/2019
--	-------------	------------

	and suggestion from civil society, academia and line departments will be incorporated in SDG action plans.

Workshop on SDG state action plan 2030	Proceedings	26/02/2019
--	-------------	------------

Chair	<b>Sh. Manu Srivastav, PS &amp; Commissioner, NRE</b>	Start Time	16:50 Hrs
Location	<b>Hotel Ashoka Lake view, Bhopal</b>	End Time	18:55 Hrs

Panelist	
<ul style="list-style-type: none"> <li>• Shri Pushkar Singh, A.P.C.C.F (Development)</li> <li>• Shri Anil Kumar Alag, AGM Planning, Energy</li> <li>• Shri G. Sonaiya , Chief Engineer WRD</li> <li>• Shri. Dilip Singh , Director, SDMA</li> <li>• Dr. Lokendra Thakker, GM, EPCO</li> <li>• Shri. BMS Rathore, PCCF (Retd.)</li> </ul>	
<ul style="list-style-type: none"> <li>• <b>Rapporteur – Shri R. K. Srivastav</b></li> </ul>	

Following points were discussed during the meeting:-

Sl.No.	Discussion Points
	<b>Panel Chair : Sh. Manu Srivastav, PS &amp; Commissioner, NRE</b>
1	Renewable energy share in the total energy mix is gradually increasing. Conceptually, fundamental change is being seen. Earlier renewable energy was considered uneconomical. Earlier Solar Power was not economically feasible. Now Solar Power is economically feasible.
2	Forest Department officials informed that in Forest department Solar Energy is considered a miracle, particularly in the context of Water Sources for wild animals. Earlier tankers, tube well were used for water supply to wild animals. However, now most tube wells in protected area are solar power based providing clean water for animals in cost effective way.
	<b>Panelist Speaker: Sh. Pushkar Singh, A.P.C.C.F (Development)</b>
1.	Forest cover increase in MP from 27% to 33%
2.	Wild Tigers to increase to 350 .
	<b>Panelist Speaker: Sh. Anil Kumar Alung, AGM Planning, Energy</b>
1.	Increase Renewable Energy in the state power mix
2.	Meet the demand in power with the adequate generation and transmission capacity by appropriate strategies.
3.	AT and C loses intervention by appropriate measures to get it under control.

Workshop on SDG state action plan 2030	Proceedings	26/02/2019
--	-------------	------------

4.	Focus on Green and Clean Energy with universal access to affordable, reliable and modern energy services.
	<b>Panelist Speaker: 4. Shri G. Sonaiya , Chief Engineer WRD</b>
1.	Irrigation Efficiency is to be increased to 84% by sprinklers and 84000 lakh hectare potential irrigation
2.	Micro irrigation system to be adopted in coming years
	<b>Panelist Speaker: Sh. Dilip Singh , Director, SDMA</b>
1.	Having Disaster Management Plan increase from 7 departments replicated to all dept.
2.	Disaster Management Plan to be prepared for all districts, Blocks, villages & Hospitals/Health facilities by 2030.
3.	Number of stakeholders/volunteers to be increased, currently 10000 volunteers per Cr of Population in Madhya Pradesh.
4.	Integrated approach needed across departments to achieve SDG targets, departments can't work in silos.
	<b>Panelist Speaker: Dr. Lokendra Thakker, GM, EPCO</b>
1.	Reducing Green House Gas(GHG) emissions and achieving the targets of climate change by 2024 by implementing the strategies
2	Climate Action Plan for Sate to be revised
	<b>Panelist Speaker: Shri. BMS Rathore, PCCF (Retd.)</b>
1	Outcome Indicators to be developed instead of output indicators
2	Water recharge programme esp. in catchment areas of rivers may be included in SDG Strategy
3	Goals should be seen in holistic manner
4	There should be a focus on following ecosystem services. <ul style="list-style-type: none"> <li>• Provisioning services</li> <li>• Supporting Services</li> <li>• Regulatory Services</li> </ul>

Workshop on SDG state action plan 2030	<b>Proceedings</b>	26/02/2019
---	--------------------	------------

	<ul style="list-style-type: none"><li>• Spiritual Services</li></ul> <p>They need to be included in indicators.</p>
--	---
